Remarks

The convenience of the Bayshore Gardens location has made this a long-time popular retirement neighborhood. This condo unit with its New AC Unit, New flooring, New Water Heater, New Refrigerator and upgraded cabinets, and New bathroom cabinet and sink is one of the best values available! You'll love the open feeling of the living area, which leads to the screened lanai (it can also be a winter Florida room, with the movable panels to close it in). The view from this 2nd floor condo home includes the pleasant, quiet courtyard and Florida foliage. Large windows allow lots of natural light to make this condo home feel cheery year-round. The owners' suite offers space for a king-size bed, a good size closet and a walk-in shower in the attached bathroom with its brand new cabinet and sink. The super bonus space in this floor plan is a 10' x 5' room that can be used as an office, exercise hide-away, or for air conditioned storage - it could be fitted out to be a huge walk-in closet! It has its own exterior door for convenience. The elevator and stairs are both nearby. This group of buildings has a fence surrounding it, so it's the quietest location in the area. with no cut-through traffic. There's a fenced storage area for bikes and scooters. The pool is private. and you can host a great big party in
